Bloch.

Staff members: Shane Feldman, Chief Operations Officer

Finance Committee members: Michael Michner and Mark Apodoca

President Scoggins called the meeting to order at 8:50 AM, and requested that Goodstein to provide an update on Friday’s “Arizona Way” community reception and fundraising event.

Goodstein reported that she expected at least 200 people to show up for “Arizona Way” and there was a high degree of organizational and community enthusiasm for this event, which was made possible through the generous support of Sorenson Communications, CSDVRS, Hamilton Relay, AT&T, CSD, Purple Communications, Arizona Association of the Deaf, Arizona Commission for the Deaf and Hard of Hearing, Arizona Relay Service 7-1-1, Arizona Hands and Voices, Arizona Registry of Interpreters of the Deaf, Arizona School for the Deaf and Blind, Connecting Arizona Advocates, East Valley Association of the Deaf, GUAA Valley of the Sun Chapter, GUAA Tucson Chapter, Hands Accessing Reliable Interpreting Services, Phoenix Association of the Deaf, Phoenix Day School for the Deaf, Phoenix Deaf Women Organization, and Sequoia School for the Deaf and Hard of Hearing.

President Scoggins then turned the floor to CEO Bloch and COO Feldman to give a presentation that had four major sections - Operations, Finance, Investments and Development. The presentation opened with a quote by John Maxwell: “The pessimist complains about the wind. The optimist expects it to change. The leader adjusts the sails.”

Feldman provided a snapshot of NAD finances and operating reserves. This covered building sale funds and income for office lease expenses, results of a recent survey on the NADmag,
member recruitment and retention, bookstore activities, biennial national conferences, restricted and unrestricted funds, and lastly, current liabilities and payment plans in place.

It was also stressed that the NAD has successfully retained the entire proceeds from the sale of its headquarters building in 2006 through the financial crisis of 2007-08. Bloch and Feldman reviewed different options for investment of building sale funds, in line with the board’s investment policy, to ensure sufficient interest income to cover office lease expenses.

**Motion 2010-01:** Gerlis moved to support the recommended change in investment of building sale funds, effective on January 25, 2010. **FAILED**

The board, by consensus, agreed that the headquarters administration would be responsible for the abovementioned investment change as per the Investment Policy.

The board recessed for lunch at 12 PM; the meeting resumed at 1:30 PM.

Feldman then addressed budget development efforts for FY2011 (the new fiscal year starting April 1, 2010), touching on existing line of credit, the need to rebuild reserves, and incorporation of CEO transition expenses. The FY2011 budget will be finalized for Finance Committee recommendation to the board prior to the start of the new fiscal year.

Bloch covered development activities to date, including the fact we are now in the fourth year of administering the five-year Described and Captioned Media Program under cooperative agreement with the U.S. Department of Education.

Individual board members signed a standard Conflict of Interest Statement and Form. This will undergo further modifications for the April 2010 meeting, so that it can be updated and signed at the beginning of each quarterly board meeting.

The board then went into executive session at 3:27 PM, which recessed at 5:00 pm.
